08.09.2014 13:54

Dear advocates

Starting from today 08/09/2014 the hearings of the Chamber of Advocates will be broadcasted online in the site www.advocates.am.

Only advocates can follow the broadcasting of the hearing after entering their own page through clicking the screen "Online broadcasting of Board hearings".

You can find information in the appendix "Council agendas" in the section "library" of the website www.advocates.am.

For entering your own page you should enter your name and surname in English and the division with a point in the first column of the part "log in" which is on the top of the main page. For example Mane Karapetyan - mane.karapetyan (if there is another advocate with the same name and surname in this case you should contact with the administrator of the Chamber). After you should enter the "password". The first password will be sent you by e-mail and after entering the system will demand you to enter a new password.

The advocates who have already changed their password will not need new changes anymore.

For questions please call advocate Apetnak Poghosyan 093-739-373, Karine Ghumashyan 094-88-81-50, or The Chamber of Advocates of the RA Nonna Hambardzumyan (010) 60-07-01:
