

THURSDAY AS A FREE CONSULTATION DAY FOR EVERYONE

15.04.2015 13:27

It has already been a month that a program was put forward according to which every Thursday all the citizens of the RA can have a free consultation in the Chamber of Advocates of the RA.

The Head of the Office of Public Defender Melanya Arustamyan detailed the project activity

Taking into account the fact that the Office of Public Defender realizes a free consultation only for suspected, convicts, prisoners and people with other categories such as disabled, unemployed etc. and other people can not have free consultations. This is the reason why we decided to organize a day of free consultation once a week for everyone, who do not have categories. So every Thursday at 10:00-17:00 o'clock with the cooperation with "The School of Advocates" we will have a free consulting day for everyone.

The consultation is given for civil, criminal and administrative cases. It can be both in verbal and written form
